Around 4 years of extensive experience in designing and implementing web applications in Magento technologies. Extremely strong learning attitude and grasping power, Seeking to leverage background and experience to take the next career step in recruitment with a highly respected organization focused on creating strong internal teams.

Experience

- AadhyaTech Solutions** 26-06-2023 -
Sr. Magento Developer
 - As a Senior Magento Developer at AadhyaTech Solutions, I spearheaded the design and development of cutting-edge e-commerce solutions using the Magento platform.
 - I collaborated with cross-functional teams to customize and enhance Magento functionalities, ensuring seamless integration with third-party systems and optimizing user experience.
 - My role involved leading projects from conception through deployment, utilizing my expertise in PHP, HTML, CSS, and JavaScript to deliver scalable and high-performance solutions. I also implemented best practices in coding and performance tuning, resulting in a significant improvement in site speed and user engagement.
 - My ability to troubleshoot complex issues and provide innovative solutions contributed to a 20% increase in client satisfaction and a 15% boost in online sales for key projects.
- Globalia LLP** 19-04-2021 - 23-06-2023
